

Conestoga Valley

SCHOOL DISTRICT

Dr. David M. Zuilkoski, *Superintendent of Schools*

October 23, 2020

CV Community -

Today, we learned that a student or staff person attending Leola Elementary School that had been identified as a confirmed positive case.

We will continue with the regular cleaning and disinfecting procedures that have been in place since the opening of school, and we have worked with the Department of Health to identify everyone who was in close contact with the person. Fortunately, due to the person not being in the school for a number of weeks, no one was identified as a close contact, and therefore no one involved with the school (student or staff) will have to quarantine.

While COVID-19 continues to spread in our community and across the country, please keep these important tips in mind:

- Practice physical (or social) distancing and stay at least six (6) feet apart from people outside your household.
- Stay home when you are sick. If you have a cough, fever, shortness of breath, or other symptoms of COVID-19, stay home and contact your healthcare provider.
- Wash your hands often with soap and water for at least 20 seconds.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipes.
- Wear a mask or face covering in public spaces, including at school.

Please note that individual health information, including the name of the person who is ill, is confidential to protect patient privacy.

For additional questions about COVID-19, please visit the Pennsylvania Department of Health website at: <https://www.health.pa.gov/topics/disease/coronavirus/Pages/Coronavirus.aspx> or the District's COVID-19 pages on the website at: <https://www.conestogavalley.org/Page/4350>.

Sincerely,

Dave Zuilkoski, EdD
Superintendent
