CV Community –

First and foremost, have a safe, relaxing, and enjoyable Thanksgiving! In the craziness of COVID, it's so important (and sometimes hard) to take time to reflect on what we are truly thankful for; we all know that there are plenty of things that have happened in 2020 to challenge us (to say the least)!

As we move forward through the holiday weekend, just a reminder that the Governor has issued a travel mandate and updated mask protocol. If anyone opts to self-quarantine, know that we have a real-time-virtual option for students, no matter the reason for the quarantine. This also applies to faculty and staff who choose to self-protocol; options are available if self-quarantine is chosen.

It's important that we ALL continue to practice safe pandemic habits:

- Wear a mask
- Social distance
- Wash your hands

As we continue to do these three things, we help to mitigate the spread and ultimately lower the chances of the virus coming into our schools!

I am truly thankful for the students, families, faculty and staff, and the entire CV community for being a family, for supporting one another, and for showing patience, grace, understanding, and flexibility on a daily basis. We are #CVStrong! Happy Thanksgiving!

Sincerely,

Dr. Dave Zuilkoski  
Superintendent
